

Social Skills & Self-Regulation Group Therapy: Part 1 (New Participants)

Group Aim, Content, and Participants

Social Skills & Self-Regulation Group Therapy is aimed at children in who could benefit from support with their social skills and self-regulation. Participants will learn core concepts from the well-established *Social Thinking*® and *Zones of Regulation*® programs. Activities will be focused on helping participants conceptualize group content, identify personal challenges with social skills and self-regulation, and learn strategies to help overcome these difficulties.

Half of this program will focus on *Social Thinking*® content (facilitated by a Speech-Language Pathologist) and the other half will focus on the *Zones of Regulation*® content (facilitated by an Occupational Therapist). Sessions will take place in-person at the clinic.

A complimentary pre-group screening is offered to determine group appropriateness.

Group Information

Duration

60 minutes

Length

10 weeks

Cost*

\$980
