

After an Autism Diagnosis

Caregiver Webinar

This webinar is hosted monthly, rotating between day and evening sessions and is for caregivers who have **recently received a diagnosis of autism** for their child or youth.

This session will help you to:

- Build a greater understanding of autism
- Learn about the autism community
- Explore resources to navigate what is next
- Learn support strategies for yourself and your child
- Connect with CTN employees who have personal experience raising an autistic child

For more information and/or to request interpretation support, please email nhuxtable@ctnsy.ca or call 647-549-0309.
