

Managing Meltdowns and More – Cantonese Workshop

Fall 2019. Registration now open!

Let’s add to your managing challenging behaviours toolkit! This workshop will go over the basics of behaviour, answering questions like: what is behaviour, why is my child engaging in challenging behaviour, and how can I best support my child when they are engaging in this behaviour? Utilizing a hands-on approach, participants will learn how to identify behaviours that you want to change, the power of reinforcement and how to develop a plan to increase or decrease these behaviours. Participants will leave this workshop with a variety of tips and strategies to feel confident in addressing and managing challenging behaviours.

Participants will have the opportunity to connect with other Cantonese-speaking families, ask questions, and share experiences. See below for additional details.
