## Can we help?

### Can the ACCS Clinic offer you some support?

The ACCS Clinic is available to book some time for additional training, troubleshooting, or to answer general questions regarding your prescribed communication system. You can schedule a Zoom virtual session or telephone appointment with Clinic staff. Please contact the clinic at the number or email address listed below to book your appointment. **ACCS Clinic appointments are open to families and local team members supporting any CTN ACCS client (past, present, on the wait list).**

Do you need some extra support with your prescribed communication system?
