Come meet and hang out with other siblings of kids and youth with disabilities and developmental needs while participating in an exciting STEM activity facilitated by STEM Minds. Lunch and snacks will be provided. We will be in touch to confirm your registration.

Sibshops are for 7-13 year old siblings of kids and youth with disabilities and developmental needs.

At a Sibshops, siblings will...

- Meet other sibs (usually for the first time)
- Talk with others who “get it” about the good (or sometimes not-so-good) parts of having a sib with disabilities
- Learn more about disabilities and the services people with disabilities receive
- Learn how other siblings handle sticky situations sometimes faced by siblings
- Play some great games, laugh and have fun!
