Accessing Private Physiotherapy

Your child is on a waitlist for physiotherapy services at school. This service is free of charge and part of the provincially funded School Based Rehabilitation Services program.

Private (pay-for-service) physiotherapy may be available while you wait. Sometimes you need a doctor's referral to get private physiotherapy and your family doctor can provide you with a referral. You will need to pay for private physiotherapy services, some families may have insurance coverage to pay the cost or part of the cost of these services. It is important to check with your insurance provider to see how much coverage they provide and how payments are made before starting with the service.

To find physiotherapists who offer private services in Ontario, visit <https://opa.on.ca/physiotherapists/>

When you put your information into the search engine, please follow the example below

- Be sure to complete the sections for **Location and Practice Area(s)**
