Information Session for Families Engaging Support Workers

On November 27th Bill 148, The Fair Workplaces, Better Jobs Act, became law. Bill 148 affects everything from the minimum wage and public holiday pay, to how employees request scheduling changes, refuse shifts, and take leaves of absence. Families face real risks if they don't consider their legal obligations to workers or take steps to protect themselves and their families from liability. CTN is pleased to host a disability and employment lawyer from PooranLaw who will deliver an in-person information and training session for people and families engaging workers for support.

These sessions will review:

- *The most significant aspects of the Bill for families in the DS Sector and the dates they will come into force;*
- *How you determine whether these obligations apply to your relationship with your worker;*
- *What your responsibilities are to a worker who is an independent contractor or an employee;*
- *What steps you can take to protect your loved one with a disability and your family, and ensure positive relationships with your workers; and*
- *Free resources to help you manage your worker relationship and ensure compliance with the law.*

These sessions are FREE · Seating is LIMITED. [Click here to register.](#)

If you are having issues registering for this event, contact Heather at hhamilton@ctnsy.ca.

About the Guest Speaker: Cheryl Wiles Pooran

Cheryl Wiles Pooran is an experienced human rights, labour and employment lawyer whose practice is dedicated to serving people with disabilities, their families and not-for-profit organizations in the social, disability and developmental service.
