

Transition to Adulthood

Workshops that share information and resources to help support your youth's transition to adulthood!

Kinark's free Transition to Adulthood workshops help to educate parents and caregivers on the services and supports available once their child turns 18.

These workshops provide participants with various community supports, financial/estate planning and education, and additional information to assist with transition planning. They also share important information about [Developmental Services Ontario \(DSO\)](#) and the [Ontario Disability Support Program \(ODSP\)](#).

You can bring specific questions to the session about your child's needs or arrange a time to meet with a member of our Service Navigation team following the session!

Our summer 2022 workshops will be delivered online via our secure video conferencing platform.

Registration is now open for our free summer workshops!
Register at <https://bit.ly/kinarktransition supports>.

View the dates and times for our workshops below and register at <https://bit.ly/kinarktransitionsupports>!
